

Thank you for downloading this unit , I hope you find it useful! I created these lessons to homeschool my own children, pulling inspiration and ideas from many different sources. Overall I hope these units will give my preschoolers a solid foundation in God's Word, while also teaching basic early learning skills. The Bible verses featured are from the book,

While working, you can also talk about the colors of the words, count the words in each row, point out letters/sounds in the words.
