

Thank you for downloading this unit , I hope you find it useful! I created these lessons to homeschool my own children, pulling inspiration and ideas from many different sources. Overall I hope these units will give my preschoolers a solid foundation in God's Word, while also teaching basic early learning skills. The Bible verses featured are from the book,

How I Can Respond

Instead of...

"Do I have to?"

I could say...

"OK, I'd be glad to!"

Instead of...

"Not right now."

I could say...

"Yes, I will do that right away!"

Instead of arguing, complaining, or grumbling,
try to respond the way Jesus would!

I'd be happy to!

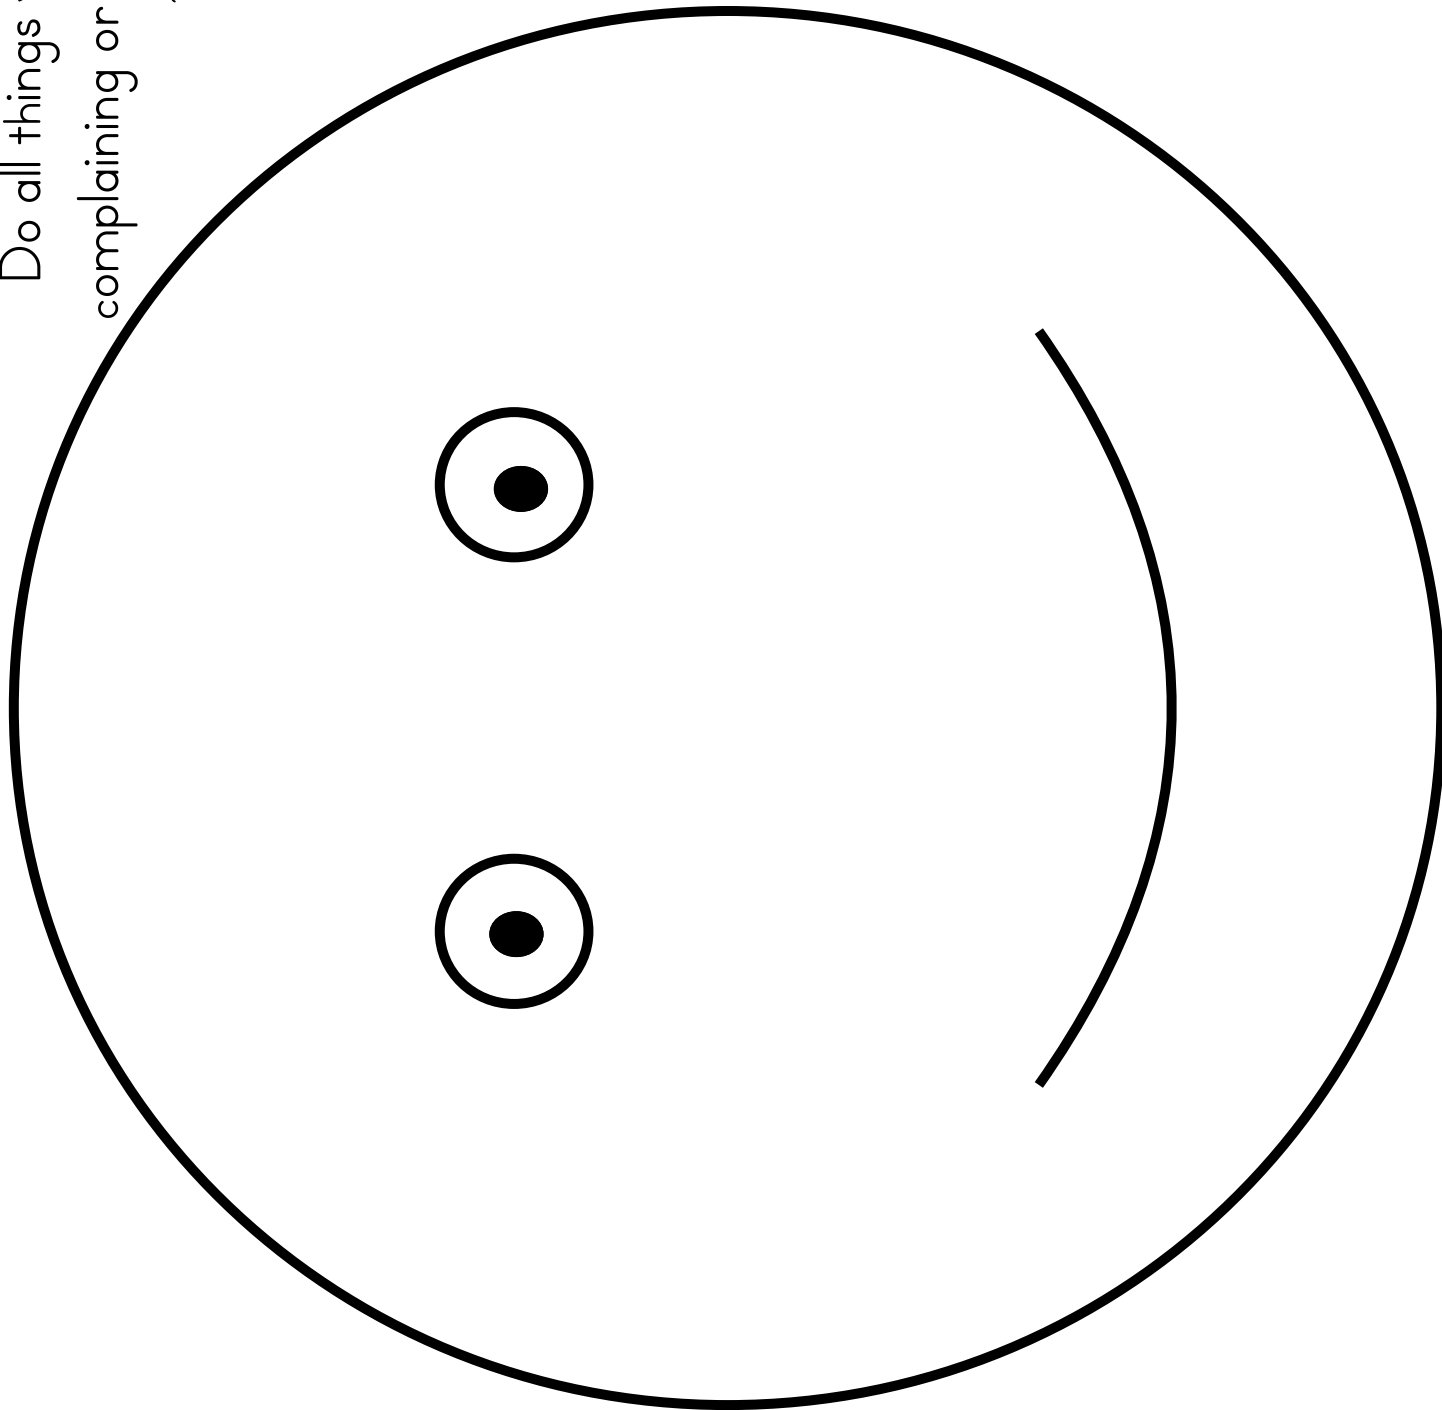

Have your child color or decorate the speech bubbles and the face on the next page. Cut out the speech bubbles and have your child glue words s/he could say when asked to do something. Use this time to teach ways to speak nicely, which would be the opposite of "complaining or disputing." If you'd like to create more, or specific kind words your family teaches, I have included a blank speech bubble page, just print that instead of this one!

Use this page if you'd like to write in your own words!
